

Understanding Your **Utility Bill**

Clallam County PUD

The New Bill Format

Beginning November 7, 2016, Clallam PUD will change to a new bill format.

The new design will provide our customers with the most information possible, in the best format available.

Features of the new bill include graphs that provide you with a 12 month usage history at a glance, average cost per day of each service, and the ability to print important messages. A return envelope will be included in each billing for your convenience.

If you have any questions regarding your utility bill, please contact the PUD.

Contact Information

How to Read Your Bill

General contact information is provided here.

Customer name and billing address are printed here.

Each service will be listed individually on the bill. The service description, rate, meter number, readings and usage are printed at the top of each service.

A monthly usage graph provides a 24 month look at each service and an average daily comparison of usage and cost.

Additional information is located on the back of your bill, including how to read your meter and payment locations.
