Your bank document must include your ABA or routing number and savings or checking account number. Your bank will be notified each month, thereafter, of your billing amount. The bank will automatically pay that amount from your bank account. You will continue to receive a monthly billing statement with a message at the bottom of the bill indicating payment will be made by Electronic Funds Transfer. Your payment will be processed **on the due date** shown on your bill (28 days from the date the bill is printed and mailed) or the first business day thereafter.

Your EFT payment will be clearly identified on your monthly bank statement and show as a payment on your utility bill. Be sure to enter your billing amount in your checking or savings register as a deduction each time you receive your bill, but do not mail us a check.

To set up automatic payments via debit or credit card please visit www.clallampud.net.

Your PUD account will be assessed a \$30 processing fee for any EFT payments that are declined by your bank. Three declined payments in a 12-month period will result in removal from the EFT program.
