## **WATER RATES**

The following rates for water service available to all residential, commercial, and industrial customers shall be applicable for all water consumed for residential, commercial, or industrial purposes.

## **PRIVATE FIRE PROTECTION**

Monthly charges for water availability for private fire sprinkler systems and hydrants installed on private property are established for each water system based on the size of the water line.

It is the customer's responsibility to evaluate private fire protection requirements and to verify the adequacy of the District's water system to meet those requirements.

## **DISCRETIONARY CLAUSE**

The General Manager is authorized to interpret and direct the application of any and all sections of this document.

## CLALLAM BAY/SEKIU WATER SYSTEM

### **RESIDENTIAL**

Availability - This schedule applies to single or multiple family residential customers.
