CLARIFICATIONS AND ANSWERS TO QUESTIONS

- 1.) The bids only list 12MVA, is that OA?
12MVA can be OA or FA.
- 2.) Is there an ideal delivery date?
The District understands there is an unpredictable market right now, we hope by summer 2023.
- 3.) What are the dollar amounts being used for the Loss Evaluation: No Load, Load, & Aux losses?
Dollar amounts are in Section I – Notice and Instructions to Bidders, 10- No Load and Load Loss
- 4.) The Engineer’s estimate of the material seems low, is a higher price amount allowed and budgeted?
The District’s baseline estimate was based on previous purchase plus adder. The District understands market volatility right now and if bids are substantially above our estimate we will need to adjust and re-bid later.
