Dear Mr. Martin,

The Public Works Board (PWB) has concluded the Clallam Bay/Sekiu Water Infrastructure Upgrades Project successfully completed compliance requirements for the Executive Order 21-02 for the above PWB project. Please fill out the attached Inadvertent Discovery Plan and post at your job site.

Department of Archaeology & Historic Preservation (DAHP) concur with a determination of No cultural resource impacts with the stipulations for professional archaeological monitoring of selected areas and for an unanticipated discovery plan. No comments were received from interest tribes.

If the district decides to modify the scope of work or project area at any time, contact me immediately. Depending on the revision(s), another cultural review may be required.

If archaeological or historic materials are discovered during project activities, you must immediately adhere to the following:

- Stop all work in the vicinity.
- Secure the project area.
- Follow the district's Monitoring Plan/Inadvertent Discovery Plan.
- Contact affected tribe's cultural staff/cultural committee/Chairperson, DAHP and PWB.

If human remains are discovered during project activities, you must immediately:

- Stop all work in the vicinity.
- Secure the project area.
- Notify law enforcement.
- Notify the county medical examiner/coroner.
- Follow the Inadvertent Discovery Plan.
