#### **BID FOR:**

#### PUBLIC UTILITY DISTRICT NO. 1 OF CLALLAM COUNTY

General Contractors are invited to submit a single bid for

#### LOW INCOME COMMUNITY SOLAR

This project is for the design, supply, permitting, install, and commission of two (2) PV solar rooftop systems on two (2) separate existing roofs. Bids must include all aspects of design through turn-key installation outlined in the scope of work and instructions to bidders and Rooftop locations under this bid are as follows:

- Administration Building, 104 Hooker Road, Sequim, WA 98382
   +/- 2% of 95KW and 3-phase 277/480 VAC
- Substation Shop, 112 Idea Place, Sequim, WA 98382 +/- 2% of 42KW and 3-phase 277/480 VAC

(the "Work"). The project shall be performed by one general contractor and bidders may not elect to bid only a portion of the project. The submitted bid is to reflect the total price for the design, supply, permitting, and installation at both locations. Public Utility District No. 1 of Clallam County (hereinafter called the "District") will obtain structural engineering certification necessary for the project to proceed, all other permit requirements are the responsibility of the bidder.

Sealed bids with bid security will be received by the District at its Main office at 104 Hooker Road, Sequim, WA 98382 until 2:30 p.m., Pacific time on March 5, 2024. Sealed bids may be submitted by mail and sent to PUD No. 1 of Clallam County, Attn: Contracts Coordinator, 100 Hooker Road, Sequim, WA 98382. If mailed, bid must be in a sealed bid envelope with the name and address of the bidder and bid number on the sealed envelope and then placed inside the delivery envelope to be mailed. Bids must be filled out in ink or typewritten. No alterations or interlineations will be permitted, unless made before submission, initialed, and dated. At 3:00 p.m. Pacific time, a public bid opening will take place in the Boardroom at the District's Main office at 104 Hooker Road, Sequim.

There will be a Pre-Bid Conference for this project on February 5, 2024, 10 a.m. Pacific time, at 110 Idea Place, Sequim, WA. For inquiries contact (primary) Xanthius Christenson, by phone at 360-565-3527, or by email at <u>xchristenson@clallampud.net</u>. Contact (secondary) Colin Young, by phone at 360-565-3250, or by email at <u>cyoung@clallampud.net</u>. All questions, clarifications, or requests must be received no later than February 26, 2024, 12 noon Pacific time.

Free-of-charge access to project Bid Documents (plans, specifications, addenda) is provided by going to the online platform, <u>https://mrscrosters.bonfirehub.com/portal/?tab=openOpportunities</u>. By registering to view and download the Bid Documents on this online platform, you will be automatically registered on the planholder's list. The content is also available for viewing and free downloading at the District website <u>https://clallampud.net/contractorsprojects/</u>. The District website does not automatically register viewers to the planholder's list, bidders should contact

<u>contracts@clallampud.net</u> to be added to the planholder's list. Bidders that do not register will not be automatically notified of addenda and will need to periodically check the platform or the District website for addenda(s) issued on this project. Contact Contracts Coordinator at (360) 565-3243 for registration on the plan holders list or should you require assistance with access to either website or registration on the plan holders.

Bids must be submitted on the forms provided and as described in the Instructions to Bidders. No bidder may withdraw a bid submitted for a period of 60 days after the day of bid opening. Each bid shall be accompanied by bid security in the form of deposit or bid bond in the amount of not less than five percent (5%) of the total bid amount. Performance and Payment Bonds in the amount of one hundred percent (100%) of the contract amount must be provided by the successful bidder prior to notice to proceed.

PUBLIC UTILITY DISTRICT NO. 1 OF CLALLAM COUNTY

Ken Hayes, Secretary

Date

## **BID SUBMITTAL**

Sealed bids will be received, opened, and read aloud at the time and place indicated in the Advertisement for Invitation to Bid unless the District has, for good cause, continued the date of opening bids to another day or has canceled the Invitation to Bid. Bidders, their authorized agents, and other interested parted are invited to be present.

After submitting a bid to the District, a Bidder may withdraw its bid if the District receives a request from a Bidder to withdraw the bid prior to the bid submission deadline. Any request to withdraw a bid which is received after the bid submission deadline will not be considered. The Bidder may revise such a bid and resubmit it if the revised bid is received prior to the bid submission deadline.

After a Bidder has withdrawn its bid as described in the paragraph above, submitting a bid to the District, a Bidder may revise its bid if the District receives the revised bid on the required Bid Form prior to the bid submission deadline, and the revised bid shall be submitted in a properly marked and sealed envelope prior to the bid submission deadline. Any bid modification which is received after the bid submission deadline will not be considered.

The District reserves the right to modify the terms or cancel the Invitation to Bid at its sole discretion, the District reserves the right to reject any or all bids, and to waive as an informality any immaterial irregularities in the bids received. No commitment on the part of the District shall exist under this Invitation To Bid (ITB) until a Contractor receives official written confirmation from the District of Award.

By submitting a bid, each Bidder accepts its terms and conditions. In addition, by submitting a bid each Bidder waives all claims, rights, demands, and the benefit of any provisions of any statute, rule of law, or regulation that might adversely affect the rights of the District under this Invitation to Bid.

Bids shall be irrevocable for sixty (60) days after bid opening. All documents submitted in response to this bid are to remain the property of the District.

#### **Pre-Bid Meeting**

A voluntary pre-bid meeting, recommended to attend, has been scheduled for this Project. The meeting will be held February 5, 2024, at 10 a.m. Pacific time, at 110 Idea Place, Sequim, WA 98382. For more information on the pre-bid meeting please contact the Project Manager, Xanthius Christenson at 360-565-3527, or by e-mail <u>xchristenson@clallampud.net</u>.

#### **Questions and Addenda**

The District assumes no responsibility for any conclusions or interpretations made by Bidder based on the information made available by the District. Should a Bidder find conflicts, errors, discrepancies, or omissions in the Drawings, Specifications, Bid Manual, or Contract Documents, or should Bidder be in doubt as to their meaning or interpretation, Bidder shall at once notify the District in writing. Questions, clarifications, or requests must be received no later than February 26, 2024, 12 noon Pacific time, to be answered. If appropriate, the District will send explanations, interpretations, or modifications to all bidders by written addenda. Oral explanations and interpretations by the District shall not be binding. All addenda issued shall be incorporated into the Contract Documents.

#### **Bid Security**

Bidder must submit with the bid either a Certified Check or Cashier's Check payable to the order of PUBLIC UTILITY DISTRICT NO. 1 of CLALLAM COUNTY, for a sum not less than five percent (5%) of the total amount of the bid, or accompanied by a bid bond for a sum not less than five percent (5%) of the total amount of the bid with a corporate surety licensed to do business in the State of Washington, conditioned that the Bidder will pay to the District as liquidated damages the total amount specified in the Bond unless entering into a contract in accordance with the bid and furnishes a Performance and Payment Bond(s) for not less than One Hundred percent (100%) of the contract price within ten (10) days of being notified as being the successful bidder, as required by Section 54.04.080 R.C.W.

If a bid is not accepted, the Certified Check, Cashier's Check, or Bid Bond will be returned within 60 days of the Bidder furnishing same, except that of the successful Bidder shall be retained until a contract is entered into and a Performance and Payment Bond(s) furnished as mentioned above.

If the Bidder fails to enter into a contract and furnish the Bond(s) within ten (10) days of the date of being notified as being the successful Bidder, the check or Bid Bond and the amount thereof shall be forfeited to the District. No Bidder shall be permitted to withdraw a bid within a period of 60 days after the actual date on which the bids were opened.

#### **Bid Irregularities or Errors**

The District reserves the right to waive non-material irregularities or minor errors in any bid, if it appears to the District that such irregularities or errors were made through inadvertence. Any such irregularities or errors so waived must be corrected on the Bid in which they may occur prior to the execution of any contract that may be awarded thereon.

#### **Rejection of Bid**

The District reserves the right to reject any or all bids, or any portion of any bid.

#### **Examination of Site and Requirements**

Prior to the submission of the Bid, the Bidder shall make and be deemed to have made a careful examination of the site(s) of the Project and of the Contract Documents on file with the District, and shall become informed as to the location and nature of the proposed construction, the transportation facilities, the kind and character of the soil and terrain to be encountered, the kind of facilities required before and during the course of the Project, general local conditions, and all other matters that may affect the cost and the time of completion of the Work.

Oversight in regard to the Documents or site information for which a reasonable site investigation would disclose, shall in no way relieve the Bidder from any obligations with respect to its bid or to the Contract. No claim for additional compensation will be allowed which is based upon a lack of knowledge of the Contract Documents or familiarity of site that reasonable site investigation would disclose.

Submission of a bid will constitute an incontrovertible representation by the Bidder that all requirements of this section has been complied with, thoroughly examined, and that the Bidder is familiar with site conditions, and acknowledges contract documents are sufficient in scope and

detail to indicate and convey an understanding of all terms and conditions for performance of the Work.

## Mandatory Bidder Responsibility

It is the District's intent to award a contract to the responsible contractor with the lowest quote. Pursuant to RCW 39.04.350(1), in order to be deemed responsible, the contractor must satisfy the following criteria at the time the quote is submitted:

- 1. Have, at the time of bid submittal, a certificate of registration in compliance with chapter 18.27 RCW; a plumbing contractor license in compliance with chapter 18.106 RCW, an elevator contractor license in compliance with chapter 70.87 RCW, or an electrical contractor license in compliance with chapter 19.28 RCW, as required under the provisions of those chapters;
- 2. Have a current Washington State unified business identifier ("UBI") number;
- 3. If applicable, have industrial insurance coverage for the contractor's employees working in Washington as required in Title 51 RCW; an Employment Security Department number as required in Title 50 RCW; and a state excise tax registration number as required in Title 82 RCW;
- 4. Not be disqualified from bidding on any public works contract under RCW 39.06.010 or 39.12.065(3);
- 5. If bidding on a public works project subject to the apprenticeship utilization requirements in RCW 39.04.320, not have been found out of compliance by the Washington State Apprenticeship and Training Council for working apprentices out of ratio, without appropriate supervision, or outside their approved work processes as outlined in their standards of apprenticeship under Chapter 49.04 RCW for the one-year period immediately preceding the date of the Bid solicitation;
- 6. Have, at the time of bid submittal, received training or have been deemed exempt by the Department of Labor and Industries on the requirements related to public works and prevailing wage under this chapter and chapter 39.12 RCW;
- 7. Within the three-year period immediately preceding the date of the solicitation, not have been determined by a final and binding citation and notice of assessment issued by the Washington Department of Labor and Industries or through a civil judgment entered by a court of limited or general jurisdiction to have willfully violated, as defined in RCW 49.48.082, any provision of Chapter 49.46, 49.48, or 49.52 RCW

As required in Title 50 Revised Code of Washington, contractor shall have an Employment Security Department number. As required by Title 82 RCW contractor shall have an excise tax registration number. The District may require a contractor to submit documentation demonstrating compliance with the criteria.

## Supplemental Bidder Responsibility

In addition to the Mandatory Bidder Responsibility Criteria referenced above, the Bidder must also meet the following relevant Supplemental Bidder Responsibility Criteria applicable to the Project. As evidence the Bidder meets the Supplemental Bidder Responsibility Criteria, bidders must submit the required following documentation to the District at the bid submittal deadline. The District reserves the right to waive this requirement if the low bidder is known to the District as qualified to perform the Work and to request such documentation from other bidders.

1. Bidder shall provide Owner a list of Completion of Similar Projects:

a. Criterion:

Bidder shall have performed and completed a minimum of three (3) projects of similar scope and size within the last five (5) years. The District has determined that "similar scope and size" to this project means projects that have the following characteristics:

- A minimum 40kVA 3-phase, Commercial/Industrial Roof Mounted System Installation
- b. Documentation:

Bidder must submit a list of a minimum of three (3) completed projects in the preceding five (5) years containing the following information about each project:

- Owner's name and contact information for the Owner's representative;
- Awarded contract amount;
- Final contract amount at completion of the project and change order details;
- Description of the scope of work and how the project is similar to this project
- The Bidder's assessment of its performance of each project, including but not limited to the following:
  - Management of safety and safety record;
  - Timeliness of performance;

In evaluating whether the projects were "successfully completed", the District may conduct reference checks for the apparent low and second low bidder whose bids are under consideration for award and evaluate the owner's assessment of the Bidder performance, quality control, management of safety, timeliness of performance, use of skilled personnel, and management of subcontractors.

To request modification of Supplemental Bidder Responsibility Criteria, during the open bidding period, a bidder may request the District in writing for modification to the Supplemental Bidder Responsibility Criteria no later than February 26, 2024, 12 p.m. Pacific Time. The District shall evaluate any such requests and if a decision is made by the District in its sole discretion to modify the criteria, such modification shall be communicated to all Bidders and plan holders via the issuance of an addendum to the bidding documents. If the District determines not to modify the Supplement Responsibility Criteria, the District shall notify the requesting bidder of its decision in writing.

If the District determines the lowest bidder does not meet the Supplemental Bidder Responsibility Criteria above and is therefore not a responsible bidder, the District shall notify the bidder in writing with the reasons for its determination. If the Bidder disagrees with this determination, it may appeal the determination within 24 hours of receipt by presenting in writing additional information. The District will consider the additional information before issuing its final determination. If the final determination affirms the Bidder is not responsible, the District will not execute a contract with any other bidder until two (2) business days after the Bidder that was determined to be not responsible has received written final determination. For the purpose of this subsection, the date of the District's transmission of the District's determination(s) by facsimile or electronic mail to the bidder at the facsimile number or e-mail address provided by the bidder in its bid shall constitute the date of receipt by the bidder of the written notices provided for herein.

#### **Non-Assignment**

Neither the contract nor any work to be performed under the contract or any part hereof may be assigned by the Successful Bidder without the prior written consent of the District. Such written

consent however shall not under any circumstances relieve the Successful Bidder of its liabilities and obligations under the contract and the granting of such consent shall be within the sole and unfettered discretion of the District.

#### **Conflict of Interest**

Each Bidder shall make full disclosure of any actual or potential conflict of interest arising from any existing business or personal relationships with any personnel of the following (each, a "Conflicted Person"):

- a. Any employee of PUD #1 of Clallam County;
- b. Any member of PUD #1 of Clallam County Board of Commissioners
- c. Any family member of any such employee or board member; or
- d. Any business entity controlled by or otherwise not at arm's length to any one or more of any such employee or board member or family member.

Without limiting the foregoing, details should be provided of any direct or indirect pecuniary interest of any conflicted person in the supply of the services contemplated by this Invitation to Bid. Disclosure of any such actual or potential conflict of interest shall be made in writing with the Bidder's response.

#### Award of Bid and Timeframe

The formal acceptance by the Owner, through an award by its Board of Commissioners, of the lowest responsive bid of a responsible bidder that is within the budget available for the project, will be in the form of a written notice of award of public works contract to the Bidder issued by the Owner. Upon formal acceptance by the Owner of the bid, the bid shall be deemed accepted by the Bidder unless acceptance is rejected by the Bidder and/or the bid or terms of the work are modified by either party within 30 days of the Owner's acceptance of the bid.

#### **Execution of Contract**

Within ten (10) calendar days after the notice of award date, Bidder shall submit two (2) signed originals of the Contract (see <u>Part V)</u>; certificate of insurance and endorsements as required in the Contract Document. The Contractor shall furnish performance and payment bond(s) in the penal sum not less than one hundred percent (100%) of the bid cost of the Work, on an appropriate form, with a surety or sureties acceptable to the District. When the performance and payment bond(s) requirement has been met, the Contractor will be given a notice to proceed. In the event that the surety or sureties on the performance and payment bond(s) delivered to the District shall at any time become unsatisfactory to the District, the Contractor shall, upon request by the District, deliver to the District another or an additional bond(s).

The bonds must be signed by an approved surety (or sureties) that:

- 1. Appears on the current Authorized List in the State of Washington published by the Office of the Insurance Commissioner; and
- 2. Has a current rating of at least A-VII in A.M. Best's Key Rating Guide or is included in the
- U.S. Department of the Treasury's Listing of Approved Sureties (Circular 570).

If the successful Bidder fails to execute contract after notice of award has been given, fails to execute the Contract or provide insurance documentation and bonds as required within the time specified, Owner may revoke award of the Contract and the bid guaranty may be retained by Owner.

#### **Payments and Retainage**

Progress payments will be made by the District to the Contractor within 30 days of receipt of an invoice, provided the District Representative verifies the accuracy of the billing or corrects it as mutually agreeable to the District and the Contractor. All invoices shall be mailed to Clallam County Public Utility District No. 1, Attention: Contracts Coordinator, P.O. Box 1000, Carlsborg, WA 98324.

Pursuant to RCW 60.28.011, the District will reserve a contract retainage of five percent (5%) of the moneys earned by the Contractor as a trust fund for the protection and payment of (i) the claims of any person arising under this Contract; and (ii) the state with respect to taxes, increases, and penalties imposed pursuant to Titles 50, 51, and 82 RCW which may be due from the Contractor.

#### Sales Tax

Contractor shall pay all sales, consumer, use and other similar taxes required to be paid in accordance with the laws of the State of Washington.

#### Liquidated Damages

Time is of the essence on this Contract. Construction of the Project must be completed on or before October 1, 2024. As liquidated damages, and not as a penalty, Contractor will pay District \$200.00 per day and the District will deduct \$200.00 from the quoted cost for each calendar day after October 1, 2024, that Project completion is delayed due to Contractor or any of Contractor's subcontractors, suppliers, or anyone for whom Contractor is responsible.

The District shall have the right to deduct from and retain out of such monies which may then be due, or which may become due and payable to the Contractor, if the amount due and to become due from the District to the Contractor is insufficient to pay in full any such liquidated damages, the Contractor shall pay to the District the amount necessary to effect such payment in full. Provided, however, that the District shall promptly notify the Contractor in writing of the manner in which the amount retained, deducted, or claimed as liquidated damages was computed.

#### Insurance

The Contractor shall, at its own expense, carry in an insurance company or companies and under policies of insurance acceptable to and approved by the District, the following insurance with limits not less than shown on the respective items:

#### a. Worker's Compensation

To the limit required by the laws of the State of Washington.

b. <u>Comprehensive General Liability and Property Damage Insurance</u>

This insurance shall include coverage for Contractor's Contingency Liability Insurance covering Subcontractor's Liability, Contractual Liability Insurance, Completed Operations Liability Insurance, and Automobile Liability Insurance covering owned, non-owned, and hired units.

## Minimum Coverage Limits:

Bodily Injury

\$1,000,000 each person

Property Damage	\$1,000,000 each occurrence	
	\$2,000,000 aggregate	
Umbrella Coverage	\$2,000,000	

c. All policies of insurance providing coverages required under paragraph "b" above shall name Public Utility District No. 1 of Clallam County as additional named insured with a cross liability clause and provide that no cancellation or material changes in the policies shall become effective unless thirty (30) days prior written notice of such cancellation or change is furnished to the District by registered mail.

Prior to commencement of any work hereunder, the Contractor shall provide the District with evidence of Worker's Compensation Insurance and with a Certificate of Insurance showing the District named as additional insured.

#### Hours of Work

Normal working hours are from 6:30 a.m. to 5:00 p.m., Monday through Thursday, unless otherwise authorized by the District. The lunch period shall be observed from 11:30 a.m. to 12:00 p.m. unless unusual circumstances prevail.

Upon request, the District may authorize the Contractor to terminate this four-day workweek schedule and revert to a five-day workweek. Under such an arrangement, work outside of the District's normal working hours may be restricted to activities that do not require the immediate presence or availability of District Inspector or staff.

The Contractor shall comply with all provisions of WAC 296-127-022, "Overtime According to RCW 49.28.065" and applicable regulations pertaining to overtime pay.

The Contractor shall observe holidays that correspond with District holidays on the same day as observed by the District. The Contractor shall conform to normal working hours and a five-day work week for any week the District observes a holiday.

#### **Payment of Prevailing Wages**

The Contractor will be required to pay prevailing wages on this Project and comply with the most recent applicable prevailing wage rate(s) of the State of Washington Department of Labor and Industries (Exhibit A). Please note that those rates included for occupations listed in Exhibit A are as furnished by the State of Washington, but it shall be the Contractor's responsibility to verify current rates. This information may not be all-inclusive; any other occupation used on the Project but not listed in this information must comply with the most recent applicable prevailing wage rate.

A State-approved "Statement of Intent to Pay Prevailing Wages" must be filed with the State of Washington before payment can be made of any sums due on this contract. Upon completion of the contract, an "Affidavit of Wages Paid" must be filed and approved with the State of Washington. Consistent with WAC 296-127-320, the Contractor and any subcontractor shall submit a certified copy of payroll records if requested.

By submitting each Application for Payment, Contractor certifies that prevailing wages have been paid in accordance with the approved pre-filed Statement(s) of Intent to Pay Prevailing Wages. Copies of the approved intent statement(s) shall be posted on the job site with the address and

telephone number of the Industrial Statistician of the Department of Labor and Industries where a complaint or inquiry concerning prevailing wages may be made.

In compliance with Chapter 296-127 WAC, Contractor shall pay to the Department of Labor and Industries the currently established fee(s) for each Statement of Intent to Pay Prevailing Wages and/or Affidavit of Wages Paid submitted to the Department of Labor and Industries for certification.

#### **Contractor's Proprietary Information**

The Contractor acknowledges the District is subject to chapter 42.56 RCW, the Public Disclosure Act, and this Contract shall be a public record as defined in RCW 42.56.040 through 42.56.550. Any specific information submitted to the District and claimed by the Contractor to be confidential or proprietary, must be clearly identified as such by the Contractor. To the extent consistent with chapter 42.56 RCW, the District shall maintain the confidentiality of all such information marked or identified as confidential or proprietary. If a request is made to view the Contractor's proprietary information and the District intends to release the information, the District will notify the Contractor of the requester. It will be the responsibility of the Contractor to obtain any necessary court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the District will release the requested information.

#### **Termination for Convenience**

The District may at any time, for any reason, and without cause and without prejudice, terminate all or part of the Contractor's services and work at the District's convenience. Upon seven days' written notice to Contractor, the Contractor shall immediately discontinue work, services, placing of material orders, facilities, and supplies in connection with the performance of this Contract. In such case, Contractor shall be paid for (without duplication of any items):

- 1. Completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;
- 2. Expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses;
- 3. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) reasonably incurred in settlement of terminated contracts with Subcontractors, Suppliers, and others; and
- 4. Reasonable expenses directly attributable to termination and actually incurred.

Contractor shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

The District shall have title to all Work performed and materials purchased through the date of termination. Contractor shall not be entitled to any claim or claim of lien against the District for any additional compensation or damages in the event of such termination and payment.

#### Default

If, in the sole judgment of the District, the Contractor, in connection with any Work performed hereunder, fails in any respect to carry on the work with promptness and diligence or violates any of the terms or conditions of this Contract, such refusal, failure, or violation shall constitute a default by the Contractor under this Contract and, in such event, the District may give the Contractor twenty-four (24) hours notice to remedy such default. Upon the failure of the Contractor to remedy such default within such time, the District will be relieved of any further obligations hereunder and in addition to all other rights and remedies in law or equity may cancel this Contract without any obligation or liability on the District whatsoever except as to payment for Work already properly performed by the Contractor.

#### **District's Right to Audit**

The District shall have the right to audit all Contractor records pertaining to the Work performed hereunder, during, and up to one year after completion of, the Work. Should the Contractor refuse to allow the District to audit its records, the District may terminate the Contract and deny the opportunity to bid on future District projects.

#### Debarment, Suspension, and Other

Contractor certifies to the best of its knowledge and belief that it and its principals:

- Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- Have not within a three year period preceding the award of this Contract been convicted of
  or had a civil judgment rendered against it for commission of fraud or a criminal offense in
  connection with obtaining, attempting to obtain, or performing a public (Federal, State or
  local) transaction or a contract under a public transaction; violation of Federal or State
  antitrust statutes; or commission of embezzlement, theft, forgery, bribery, falsification or
  destruction of records, making false statement, or receiving stolen property;
- Are not presently indicted for otherwise criminally or civilly charged by a government entity (Federal State, or local) with commission of any of the offenses enumerated in any paragraphs within this Section; and
- Have not within a three-year period preceding the award of this Contract had one or more public transactions (Federal, State, or local) terminated for cause or default.

#### Contractor or Third-Party Worker Retirement Status Verification

The parties hereto acknowledge that under Title 41 of the Revised Code of Washington, the District is obligated to report to the Washington Department of Retirement Systems any retirees in its employ, including contractors and subcontractors and their workers, who retired from certain Washington State retirement systems. Failure to report could result in a financial liability to the District. Accordingly, the Contractor agrees to and shall report to the District the retirement status of all of its workers, subcontractors, and subcontractors' workers who will be performing services for the District under this Agreement. The Contractor shall be responsible to pay any financial liability imposed upon the District by the Washington Department of Retirement Systems for pension overpayments resulting from the Contractor may provide to the District the Social Security numbers of all its workers, subcontractors, and subcontractors' workers who will be performing services for the District such retirement to the District such retirement status. In the alternative, the Contractor may provide to the District the Social Security numbers of all its workers, subcontractors, and subcontractors' workers who will be performing services for the District under this Agreement, and the District shall undertake to verify the retirement status of

those workers. In such event, the Contractor shall be responsible to pay any financial liability imposed upon the District by the Washington Department of Retirement Systems for pension overpayments resulting from the Contractor's failure to provide proper Social Security numbers for each such worker.

#### Sub-Contractors

Each Bidder shall provide to District, with the bid, a list of all subcontractors to be used on the Project. Proposed Subcontractors must be licensed to do business in the State of Washington. Bidders shall provide a listing on the included form of all subcontractors regardless of value.

The list of subcontractors shall include (1) the name, phone numbers and business address of each Subcontractor proposed to perform or render service for a portion of the Work, and (2) the portion of the Work to be performed by each proposed subcontractor. No change may be made to the listing after delivery without the written consent of the District.

## **Dispute Resolution**

Any dispute that arises out of the interpretation, performance, enforcement, or any other aspect of this Contract shall be resolved by submitting the same to binding arbitration, which shall proceed according to the Washington arbitration act, Chapter 7.04A RCW, and shall be conducted within Clallam County, Washington; provided, however, that each party shall select a nominating person within ten (10) days of notice of the dispute from one party to the other. The two nominating persons shall then meet and promptly select the arbitrator. If, within thirty (30) days after receipt of the notice of the dispute, the nominating persons are unable to select an arbitrator, the arbitrator shall be selected by a Superior Court Judge of Clallam County. The parties shall require a written decision by the arbitrator as a condition of the selection of the arbitrator. The prevailing party as determined by the arbitrator shall be entitled to its reasonable attorney fees and costs associated with the arbitration. The parties shall share equally the arbitrator's fee and costs. Venue for any action brought on the arbitration award, including enforcement of such award, shall be in the Superior Court of Clallam County, and such action shall be governed by application of the laws of the state of Washington. The prevailing party in any such action on the arbitration award shall be entitled to its reasonable attorney fees and costs associated with such action. This Agreement shall be governed by and construed and enforced in accordance with the laws of the state of Washington without application of the principals of conflicts of laws.

# PART II SCOPE AND SPECIFICATIONS

# SCOPE OF WORK AND SPECIFICATIONS

This project is for the design, supply, permitting, install, and commission of two (2) PV solar rooftop systems on two (2) separate existing roofs. Bids must include all aspects of design through turn-key installation outlined in the scope of work and instructions to bidders. Rooftop locations under this bid are as follows:

- Administration Building, 104 Hooker Road, Sequim, WA 98382
   +/- 2% of 95KW and 3-phase 277/480 VAC
- Substation Shop, 112 Idea Place, Sequim, WA 98382 +/- 2% of 42KW and 3-phase 277/480 VAC

The project shall be performed by one general contractor and bidders may not elect to bid only a portion of the project. The submitted bid is to reflect the total price for the design, supply, permitting, and installation at both locations. The District will obtain structural engineering certification necessary for the project to proceed, all other permit requirements are the responsibility of the bidder.

# **SOLAR PV SYSTEM - Minimum Equipment and Construction Requirements**

#### General

- The project consists of two locations (See PART IV- Appendix, Site Plan):
  - o 104 Hooker Rd, Sequim, WA 98382
  - o 112 Idea PI, Carlsborg, WA 98324
- The system at 104 Hooker Rd will be +- 2% of 95KW and 3 phase 277/480 VAC
- The system at 110 Idea PI will be +- 2% of 42KW and 3 phase 277/480 VAC

#### Solar PV Modules

- Solar PV modules shall be UL1703 listed.
- Solar PV modules must have a 10-year warranty on a minimum of 90% nameplate energy production and 25-year warranty on minimum of 80% nameplate energy production.
- All warranties must be documented in advance and be fully transferable to Buyer.

#### Inverters

- Inverters shall be UL1741 SA listed and IEEE 1547-2018 or greater listing with an efficiency of 95% or higher.
- Inverters must carry a minimum 10-year warranty.
- All warranties must be documented, in advance and be fully transferable to Buyer.
- Inverters shall have a DC disconnect

#### **Balance of System Equipment**

- All power generation and transmission equipment must be UL listed for its designed use.
- Construction must comply with current adopted State Building Code, which encompasses:
  - 2018 International Building Code (or most recently adopted in Clallam County)
    - o 2017 National Electric Code (NEC) (or most recently adopted in Clallam County)

- All other relevant state and national codes.
- Contractor is responsible for conducting all required building.
- Each proposed PV system shall include, at a minimum, one AC disconnect for safety and maintenance concerns that is defined as lockable, visible open that isolates PV system from Grid.
- All wiring materials and methods must adhere to industry-standard best practices.
- Material requirements:
  - Racking components, Fasteners and hardware throughout system shall be stainless steel or material of equivalent corrosion resistance.
  - Unprotected steel will not be used in any components.
- There must be a 5-year warranty for all workmanship

## Interconnection

- System interconnection must comply with NEC and the District interconnection policy and must be approved by the District and the Authority Having Jurisdiction (AHJ)'s Clallam County Building Department.
- Interconnection points will be transformer secondary bus.
- All placards required by District, the AHJ, the Utility, and/or State Solar Initiative program must be provided and installed by contractor.

## **Monitoring and Reporting Systems**

- The district will provide the meter for metering generation of Solar PV system.
- The district will require that the contractor provide web hosting and historical data retention for five (5) years.
- Contractor must work with the District to determine best location of communications interconnection. The District will provide an ethernet connection at the inverters.

## System Design and Permitting

- For each site, within 90 days of notice to proceed, contractor shall create construction plan set which includes at a minimum:
  - o Site overview
  - o Detailed array layout with stringing configuration
  - Mounting and racking details
  - Details of electrical transmission showing conduit routing and location of electrical enclosures, conduit support details, and enclosure mounting details
  - Electrical single-line diagram
  - Construction project plan with timeline
- All proposed system designs/changes and construction techniques must be approved by the AHJ's Building Department and the District.
- The contractor will apply for the building permits and electrical permits that are required for each system location.
- District shall provide structural PE stamp verifying the integrity of the existing facility to handle additional weight load of proposed PV system within 60 days of awarded bid and before the notice to proceed.
- Roof-mounted array layouts shall be designed to provide minimum of three (3) feet of walking access around the perimeter of the roof and convenient access to existing roof-

mounted HVAC equipment in addition to any applicable setbacks for access, safety, and smoke ventilation required by the AHJ.

- Trenching will be required of the contractor and must adhere to the Districts policy. (See <u>Part III-Appendix</u>, **Drawing #30**)
- Both locations have either a pavement cut or cement cut that will be required. The contractor will repair with a pavement patch and or concrete repair (<u>See Part III- Appendix</u>, <u>Sidewalk Spec</u>).
- Wire loss in DC circuits to be < 1.5%.
- Wire loss in AC circuits to be < 1.5%.

## **Documentation and Process Control**

- In addition to construction requirements listed above, contractor will be required to:
  - Apply for and receive interconnection approval from the local Utility for proposed PV systems. (Fees will be waived)
- Provide Operations & Maintenance training to District staff.
- Contractor shall be required to respond to warranty related issues not affecting production within 72-hours of notification.
- Provide As-Built drawings of PV system, which must include finalized module layout and stringing chart or stringing diagram.

## **PV System Testing & Commissioning Procedure**

- Commissioning is to verify the installation completeness and performance of the system being installed prior to system sign-off.
- Contractor shall document all testing results for approval and submittal to the District.
- Contractor shall provide dispositions for any variances in test results and proposed corrective actions in writing.
- Contractor shall have completed the following tasks prior to the testing/commissioning inspection by the District.
  - $\circ$  Complete installation.
  - o Install all required labeling.
  - Verify that the installation is safe.
  - Received AHJ final approval.
- Once the Contractor has completed these tasks, the Contractor shall schedule the following tasks with the District:
  - o District's inspection of installation completeness.
  - o Initial system startup and interconnection to grid.
  - Verification of system performance.
- Prior to system energization and testing, the District will perform a visual inspection to verify installation completeness, robustness, and that installation is adequate for interconnection to the grid. Any issues found shall be corrected by the Contractor prior to system testing.
- All test procedure shall be in uniform with (<u>See Part III-Appendix</u>, <u>Test Procedure</u> <u>Document</u>)

# **TEST PROCEDURE DOCUMENT**

#### Initial System Start-up

All overcurrent devices (AC & DC) and disconnects shall be open at the start of testing. Once the main disconnect has been closed, the only inverter shall be grid tied at the time during testing. All strings shall be fully grid tied during the data acquisition testing phase.

PV module protective film shall not be removed until initial startup. This is to protect the modules from damage during construction and to reduce the electrical hazards on the job site. Once the film has been removed and the panels allowed to acclimate for the manufacturer's specified time period the following tests shall be performed:

- 1) Verify main disconnect is closed.
- 2) Verify DC disconnects are open.
- 3) Verify inverter string feeder breaker is closed and all others are open.
- 4) With Inverter DC disconnect open:
  - a. Verify correct Vdcoc and polarity at each DC disconnect.
  - b. Verify correct Vacoc at Inverter.
- 5) With Inverter DC disconnect closed:
  - a. Verify correct Vdc and polarity at each DC disconnect.
  - b. Verify correct Vacoc at Inverter.
  - c. Verify Imp for inverter.
  - d. Verify correct Vac, Iac, and Pac at Inverter.
- 6) Once the parameters for the inverter have been verified to be correct, close the DC disconnects for the inverter and verify Vac, Iac, and Pac for the home run.
- 7) Open inverter feeder breaker.

Note: The Contractor will recheck all questionable test values and provide troubleshooting as needed.

#### **Data Collection Verification**

Once all the modules and inverters have been verified to be operating within expected parameters, testing of the data collection system can take place.

- 1) Setup and input any necessary information into the ECU (registration, serial numbers, etc.) and set unit for inverter detection as required.
- 2) Grid tie the inverters until active.
  - a. Verify all DC disconnects are closed.
- 3) Wait for the manufacturer's recommended time period to allow the ECU to detect the inverter.
- 4) Verify that the inverter has been cataloged by the ECU and telemetry is being received.
- 5) Train District personnel in using the interface to verify production and perform basic troubleshooting.
  - a. ECU Troubleshooting testing shall include turning a string off, disconnecting an inverter, and disconnecting a PV Module.

#### Performance Verification

As ideal conditions are not likely to exist during startup/testing to determine if the system is capable of functioning at the rated capacity, the following approximation shall be used.

Measurements shall be taken over a period of a minimum of 3 days, twice per day at 10 a.m. and 3 p.m. Contractor is responsible for additional test periods as required to demonstrate adequate system performance.

The approximation used for expected system performance for given non-ideal environmental conditions, PE, can be calculated by the following:

 $PE = P_Ref \times (1+Y\times(T-T_ref)) \times G/G_ref$ 

- P\_Ref= the electrical power output of the solar cell or PV module under standard test conditions (STC)
- Y= the temperature coefficient (cell temperature factor) of the solar cell or module. It describes how the electrical output changes with temperature.
- T= the actual operating temperature of the cell or module.
- T\_ref= the reference temperature at which the cell or modules electrical output is defined.
- G= the actual solar irradiance on the cell or modules' surface.
- G\_ref= the reference solar irradiance under which the cell or modules electrical output is defined.
- A minimum of 5 irradiance and temperature readings shall be taken at each testing session and the average utilized in the calculation. Readings shall be taken at 30 second intervals.

The actual production values indicated at the ECU must be documented at the same time the temperature and irradiance measurements are taken in order to present a fair comparison. An average of the actual production values shall also be used.

Should the estimated versus actual production differ by 5% or more, the Contractor shall perform troubleshooting to determine the cause and correct it or provide a disposition as to why the variance exists.

#### Testing and Commissioning Results Submittal

The Contractor shall tabulate test results in an easily understandable format. Any necessary checklists or forms required to document testing information shall be developed and provided by the Contractor. At a minimum the following test results shall be submitted to the District for approval.

Initial System Startup:

- Vdc<sub>OC</sub> and Vac<sub>OC</sub> values with DC disconnect open.
- Vdc, Imp, Vac, Iac, and Pac values with DC disconnect closed.
- Vac, lac, and Pac values for each home run.

Data Collection Verification:

• Inverter Serial Numbers with positional references within array.

Performance Verification:

- Date and time of measurements
- Irradiance and Module Temperature measurements and the average result used in calculations.

- Calculated expected system performance values.
- Actual production values from ECU unit.
- A comparison of the calculated vs. actual production results with the % difference indicated for all test periods.
- Error conditions caused for ECU troubleshooting testing and associated screen shots of ECU alarms.

CONTRACT AND BONDS

## CONTRACT

#### BID NO. 240801

THIS AGREEMENT made and entered into as of the last date written below, by and between PUBLIC UTILITY DISTRICT NO. 1 OF CLALLAM COUNTY (herein-after called the "District") and *CONTRACTOR LEGAL BUSINESS NAME*., located at *City*, *State* (hereinafter called the "Contractor").

WITNESSETH: That the District and the Contractor, in consideration of the payments hereinafter mentioned, agree as follows:

#### ARTICLE I -CONTRACT DOCUMENTS

The complete contract includes the Invitation for Bids, Notice and Instructions to Bidders, the Bid Proposal, Specifications, Contract, all Exhibits, and all modifications incorporated in these documents before their execution. The foregoing documents shall hereinafter be called "Contract Documents". All obligations of the District and the Contractor are fully set forth and described herein.

In the event of a discrepancy between any of the Contract Documents, as above defined, at the request of the Contractor, the District shall give a written interpretation thereof, which interpretation shall govern.

#### ARTICLE II -CONTRACT COST

The Contractor agrees to provide to the District, and the District agrees to purchase from the Contractor, the following services in accordance with the Contract Documents and the provisions of the Contractor's proposal attached hereto and made a part hereof:

The design, supply, permitting, install, and commission of two (2) PV solar rooftop systems on two (2) separate existing roofs. Project costs include all aspects of design through turn-key installation outlined in the scope of work and instructions to bidders. Rooftop locations under this bid are as follows:

- Administration Building, 104 Hooker Road, Sequim, WA 98382 +/- 2% of 95KW and 3-phase 277/480 VAC
- Substation Shop, 112 Idea Place, Sequim, WA 98382 +/- 2% of 42KW and 3-phase 277/480 VAC

The District will obtain structural engineering certification necessary for the project to proceed, all other permit requirements are the responsibility of the contractor.

TOTAL CONTRACT COST \$	
(WSST not included)	

**Start Date:** After structural engineer's report (within 60 days of Bid opening) and immediately after notice to proceed.

**Completion Date:** Work must be completed by October 1, 2024.

#### Liquidated Damages

Time is of the essence on this Contract. Construction of the Project must be completed on or before October 1, 2024. As liquidated damages, and not as a penalty Contractor will pay District \$200.00 per day and the District will deduct \$200.00 from the quoted cost for each calendar day after October 1, 2024, that Project completion is delayed due to Contractor or any of Contractor's subcontractors, suppliers, or anyone for whom Contractor is responsible.

The District shall have the right to deduct from and retain out of such monies which may then be due, or which may become due and payable to the Contractor, if the amount due and to become due from the District to the Contractor is insufficient to pay in full any such liquidated damages, the Contractor shall pay to the District the amount necessary to effect such payment in full. Provided, however, that the District shall promptly notify the Contractor in writing of the manner in which the amount retained, deducted, or claimed as liquidated damages was computed.

#### ARTICLE III -INDEMNITY AND HOLD HARMLESS AGREEMENT

The Contractor agrees to indemnify, defend, and hold harmless the District and its agents, other contractors, and employees from liability, claims, loss, damage, injury, or death arising out of or resulting from performance by the Contractor under the terms of this Contract, except as otherwise limited in this paragraph. In the event of concurrent negligence or fault of the Contractor, its agents, employees, subcontractors, or others for whom it is responsible and the District, its agents, other contractors, or employees, the Contractor shall indemnify, defend, and hold harmless the District and its agents or employees to the extent that liability, claims, loss, damage, injury, or death is caused by the negligence or fault of the Contractor, its agents, employees, subcontractors, or others for whom it is responsible.

It is understood that the Contractor assumes the risk of the condition of the property of the District to be worked upon or about, and Contractor agrees to indemnify the District or its agents and employees against any liability, claims, loss, damage, injury, or death to the person or property of Contractor, its agents, employees, representatives, licensees, or invitees, resulting from any defective condition of said property, while the Contractor is engaged in the performance of the Work.

Contractor also agrees to indemnify, defend, and hold harmless the District from any and all liens, claims, or damage of any kind or nature against or to any property of the District and resulting from or arising out of the performance by the Contractor its agents, employees, subcontractors, or others for whom it is responsible.

In all claims against the District or its agents and employees, or the Contractor, any subcontractor, anyone directly or indirectly employed by the Contractor or any subcontractor, or anyone for whose acts the Contractor or any subcontractor may be liable, the indemnification obligation under this paragraph shall not be affected by any limitation on the amount or type of damages, compensation, or benefits payable by or for the Contractor or any subcontractor under any worker's compensation act, including Title 51 RCW, any disability benefit acts, or any other employee benefit acts. The Contractor and any subcontractor hereby waive, for themselves and their successors, any right to

claim any such limitation as a defense, set off, or other reduction of the District's right to indemnification under this paragraph.

#### ARTICLE IV -MUTUAL CYBER SECURITY INDEMNIFICATION

Both parties agree to be responsible for the protection of their own computers, servers, hard drives, information systems, and email accounts from cyber security breaches, including but not limited to malicious software, viruses, hacking, and phishing scams ("Cyber Security Breaches"). Each party shall indemnify the other from any damages, liabilities, or expenses of every kind, including but not limited to reasonable attorney's fees, resulting from or arising out of their own Cyber Security Breaches, including wire fraud attempts directed to the other party resulting from such Cyber Security Breaches.

#### ARTICLE V -PAYMENTS/RETAINAGE

Monthly progress payments will be made by the District to the Contractor within 30 days of receipt of a billing statement, provided the District Representative verifies the accuracy of the billing or corrects it as mutually agreeable to the District and the Contractor. All invoices shall have the agreement number on the invoice and be mailed to <u>Clallam County Public Utility District No. 1</u>, <u>Attention: Contracts Coordinator, P.O. Box 1000, Carlsborg, WA 98324</u>.

In accordance with the Revised Code of Washington, Chapter 60.28, public improvement contracts shall provide, and public bodies shall reserve, a contract retainage not to exceed five percent of the moneys earned by the Contractor as a trust fund for the protection and payment of: (a) the claims of any person arising under this quotation, and (b) the State with respect to taxes imposed pursuant to Title 82 RCW which may be due from such Contractor.

#### ARTICLE VI -PAYMENT OF PREVAILING WAGES

In accordance with Chapter 39.12 RCW, there shall be paid to all laborers, workers, or mechanics employed on the Project, a wage not less than the prevailing rate of wage as set forth in Chapter 39.12 RCW and **Exhibit A** of the Invitation to Bid, incorporated herein by this reference, for an hour's work in the same trade or occupation in the area of work regardless of any contractual relationship which may exist, or be alleged to exist, between the Contractor and any laborers, workers, mechanics, or subcontractors.

Before payment is made of any sum or sums due hereunder, the Contractor and each and every subcontractor shall submit to the District a "Statement of Intent to Pay Prevailing Wages," which statement shall include:

- 1) The Contractor's registration certificate number; and
- 2) The prevailing rate of wage for each classification of workers entitled to prevailing wages under RCW 39.12.020 and the estimated number of workers in each classification.

Each Statement of Intent to Pay Prevailing Wages must be approved by the Industrial Statistician of the Department of Labor and Industries before it is submitted to the District.

Unless otherwise authorized by the Department of Labor and Industries, each voucher claim submitted by the Contractor for payment shall state that the prevailing wages have been paid in accordance with the pre-filed Statement or Statements of Intent to Pay Prevailing Wages on file. Following the final acceptance of the Project, the Contractor and each and every subcontractor shall submit to the District an "Affidavit of Wages Paid" before the funds retained according to the provisions of RCW 60.28.010 are released to the Contractor. Each affidavit of wages paid must be certified by the Industrial Statistician of the Department of Labor and Industries before it is submitted to the District.

#### ARTICLE VII -INSURANCE

The Contractor shall, at his own expense and cost, carry in an insurance company or companies and under policies of insurance, acceptable to and approved by the District, the following insurance with limits not less than shown on the respective items:

#### a. Worker's Compensation

To the limit required by the laws of the State of Washington.

#### b. Comprehensive General Liability and Property Damage Insurance

This insurance shall include coverage for contractor's contingency liability Insurance covering subcontractor's liability, contractual liability insurance, completed operations liability insurance, and automobile liability insurance covering owned, non-owned, and hired units.

#### Minimum Limits:

Bodily Injury	\$1,000,000 each person
Property Damage	\$1,000,000 each occurrence
	\$2,000,000 aggregate
Umbrella Coverage	\$2,000,000

c. All policies of insurance providing coverages required under paragraph "b" above shall name the Public Utility District No. 1 of Clallam County as additional named insured with a cross liability clause and provide that no cancellation or material changes in the policies shall become effective unless thirty (30) days prior notice of such cancellation or change shall be furnished the District by registered mail.

Prior to commencement of any work hereunder, the Contractor shall provide the District with evidence of worker's compensation insurance required under "a" above.

#### ARTICLE VIII -PERFORMANCE AND PAYMENT BOND(S)

The Contractor shall furnish performance and payment bond(s) in the penal sum not less than one hundred percent (100%) of the bid cost of the Project, on an appropriate form, with a surety or sureties acceptable to the District. When the performance and payment bond(s) requirement has been met, the Contractor will be given a notice to proceed. In the event that the surety or sureties on the performance and payment bond(s) delivered to the District shall at any time become unsatisfactory to the District, the Contractor shall, upon request by the District, deliver to the District another or an additional bond(s).

Should the successful bidder fail or refuse to execute such counterparts or to furnish a performance and payment pond(s) within ten (10) days after written notification of the acceptance of the proposal by the District, the bidder will be considered to have abandoned the proposal. In such event, the District shall be entitled (a) to enforce the bid bond(s) in accordance with its terms, or (b) if a certified check has been delivered with the proposal, to retain from the proceeds of the certified check the difference (not exceeding the amount of the certified check) between the amount of the proposal and such larger amount for which the District may in good faith contract with another party to construct the project. The term "successful" bidder shall be deemed to include any bidder whose proposal is accepted after another bidder has previously refused or has been unable to execute the bond(s).

#### ARTICLE IX – TERMINATION FOR CONVENIENCE

The District may at any time, for any reason, and without cause and without prejudice, terminate all or part of the Contractor's services and work at the District's convenience. Upon seven days' written notice to Contractor, the Contractor shall immediately discontinue work, services, placing of material orders, facilities, and supplies in connection with the performance of this Contract. In such case, Contractor shall be paid for (without duplication of any items):

- 1. Completed and acceptable Work executed in accordance with the Contract Documents prior to the effective date of termination, including fair and reasonable sums for overhead and profit on such Work;
- 2. Expenses sustained prior to the effective date of termination in performing services and furnishing labor, materials, or equipment as required by the Contract Documents in connection with uncompleted Work, plus fair and reasonable sums for overhead and profit on such expenses;
- 3. All claims, costs, losses, and damages (including but not limited to all fees and charges of engineers, architects, attorneys, and other professionals and all court or arbitration or other dispute resolution costs) reasonably incurred in settlement of terminated contracts with Subcontractors, Suppliers, and others; and
- 4. Reasonable expenses directly attributable to termination and actually incurred.

Contractor shall not be paid on account of loss of anticipated profits or revenue or other economic loss arising out of or resulting from such termination.

The District shall have title to all Work performed and materials purchased through the date of termination. Contractor shall not be entitled to any claim or claim of lien against the District for any additional compensation or damages in the event of such termination and payment.

#### ARTICLE X – TERMINATION OF CONTRACT

In the event that any of the provisions of this contract or any federal, state, or local laws or regulations are violated by the Contractor or by any of the Contractor's subcontractors, the District may serve written notice of intention to terminate such contract upon the Contractor, which notice shall specify the reasons therefor. Unless within ten (10) days after serving such notice upon the Contractor such violation shall cease and an arrangement for the correction thereof satisfactory to the District be made, the Contract shall, upon the expiration of the said ten (10) days, cease and terminate. In the event of any such termination, the District may purchase the materials necessary for complete performance of this contract for the account and at the expense of the Contractor, and the Contractor shall be liable to the District for any excess cost occasioned thereby.

### ARTICLE XI – <u>DEFAULT</u>

If, in the sole judgment of the District, the Contractor, in connection with any work performed hereunder, fails in any respect to carry on the work with promptness and diligence or violates any of the terms or conditions of this Contract, such refusal, failure, or violation shall constitute a default by the Contractor under this Contract and, in such event, the District may give the Contractor twenty-four (24) hours notice to remedy such default. Upon the failure of the Contractor to remedy such default within such time, the District will be relieved of any further obligations hereunder and in addition to all other rights and remedies in law or equity may cancel this Contract without any obligation or liability on the District whatsoever except as to payment for work already performed by the Contractor.

#### ARTICLE XII – <u>DISTRICT'S RIGHT TO AUDIT</u>

The District shall have the right to audit all contractor records pertaining to the work performed at any time during a project and within one year after the completion of the work. At the District's discretion, prior to awarding a project, contractors may be removed from the list of approved bidders if exception is taken to the District's auditing requirements. Should a contractor refuse to allow the District to audit their records during the course of a project, the District may terminate the contract or agreement and deny the opportunity to bid on future District projects.

#### ARTICLE XIII -CONTRACTOR'S PROPRIETARY INFORMATION

The Contractor acknowledges the District is subject to chapter 42.56 RCW, the Public Disclosure Act, and this Contract shall be a public record as defined in RCW 42.56.040 through 42.56.550. Any specific information submitted to the District and claimed by the Contractor to be confidential or proprietary, must be clearly identified as such by the Contractor. To the extent consistent with chapter 42.56 RCW, the District shall maintain the confidentiality of all such information marked or identified as confidential or proprietary. If a request is made to view the Contractor's proprietary information and the District intends to release the information, the District will notify the Contractor

of the request and notify the Contractor of the date that such records will be released to the requester. It will be the responsibility of the Contractor to obtain any necessary court order enjoining that disclosure. If the Contractor fails to obtain the court order enjoining disclosure, the District will release the requested information.

#### ARTICLE XIV – CLAIMS AND LIENS

The Contractor shall promptly pay all claims for labor done for the performance of the Project work and shall keep all said work free from all liens arising from labor done thereto. The District's Auditing Officer may require the Contractor to furnish payroll records for the District's inspection.

#### ARTICLE XV – DEBARMENT, SUSPENSION AND OTHER

Contractor certifies to the best of their knowledge and belief that they and their principals:

- Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any Federal department or agency;
- Have not within a three year period preceding this proposal been convicted of or had a civil
  judgment rendered against them for commission of fraud or a criminal offense in connection
  with obtaining, attempting to obtain, or performing a public (Federal, State or local)
  transaction or contract under a public transaction: violation of Federal or State antitrust
  statutes or commission of embezzlement, theft, forgery, bribery, falsification or destruction of
  records, making false statement, or receiving stolen property;
- Are not presently indicted for otherwise criminally or civilly charged by a government entity (Federal State, or local) with commission of any of the offenses enumerated in any paragraphs within this certification; and
- Have not within a three-year period preceding this application/proposal had one or more public transactions (Federal, State, or local) terminated for cause or default.

#### ARTICLE XVI – CONTRACTOR OR THIRD-PARTY WORKER RETIREMENT STATUS VERIFICATION

The parties hereto acknowledge that under Title 41 of the Revised Code of Washington, the District is obligated to report to the Washington Department of Retirement Systems any retirees in its employ, including contractors and subcontractors and their workers, who retired from certain Washington State retirement systems. Failure to report could result in a financial liability to the District. Accordingly, Contractor agrees to and shall report to the District the retirement status of all of its workers, subcontractors, and subcontractors' workers who will be performing services for the District under this Agreement. Contractor shall be responsible to pay any financial liability imposed upon the District by the Washington Department of Retirement Systems for pension overpayments resulting from Contractor may provide to the District the Social Security numbers of all its workers, subcontractors' workers who will be performing services for the District under this Agreement, and the District the District the Social Security numbers of all its workers, subcontractors workers who will be performing services for the District under this Agreement, and the District shall undertake to verify the retirement status of those workers. In such event, Contractor shall be responsible to pay any financial liability imposed upon the District by the Washington Department of Retirement Systems for pension other District by the Washington pensible to pay any financial liability imposed upon the District under this Agreement, and the District shall undertake to verify the retirement status of those workers. In such event, Contractor shall be responsible to pay any financial liability imposed upon the District by the Washington Department of Retirement Systems for pension overpayments resulting from Contractor's failure to provide proper Social Security numbers for each such worker.

#### ARTICLE XVII – DISPUTE RESOLUTION

Any dispute that arises out of the interpretation, performance, enforcement, or any other aspect of this Contract shall be resolved by submitting the same to binding arbitration, which shall proceed according to the Washington arbitration act. Chapter 7.04A RCW, and shall be conducted within Clallam County, Washington; provided, however, that each party shall select a nominating person within ten (10) days of notice of the dispute from one party to the other. The two nominating persons shall then meet and promptly select the arbitrator. If, within thirty (30) days after receipt of the notice of the dispute, the nominating persons are unable to select an arbitrator, the arbitrator shall be selected by a Superior Court Judge of Clallam County. The parties shall require a written decision by the arbitrator as a condition of the selection of the arbitrator. The prevailing party as determined by the arbitrator shall be entitled to its reasonable attorney fees and costs associated with the arbitration. The parties shall share equally the arbitrator's fee and costs. Venue for any action brought on the arbitration award, including enforcement of such award, shall be in the Superior Court of Clallam County, and such action shall be governed by application of the laws of the state of Washington. The prevailing party in any such action on the arbitration award shall be entitled to its reasonable attorney fees and costs associated with such action. This Agreement shall be governed by and construed and enforced in accordance with the laws of the state of Washington without application of the principals of conflicts of laws.

# CONTRACTOR SAFETY PLAN

- 1. The District is committed to provide a safe environment for employees and contract personnel.
- 2. The District is committed to support contractors' efforts to ensure an effective safety program.
- 3. To ensure that we meet the above statements, the District will require the awarded bid contractor to follow the requirements below.

### CONTRACTOR REQUIREMENTS

- The Contractor will conduct and document a regular daily safety meeting with its employees on the job site. These documents must be kept on the job site for review by the Contractor, District, or any governmental safety agency.
- The Contractor will designate a competent safety coordinator working on the job site.
- The Contractor will immediately report all serious injury or property damage accidents and conduct a full investigation with documentation for review with the District and other governmental safety agencies as may be required by law.
- The Contractor must furnish all safety equipment and tools for its employees to safely do the job and comply with all applicable safety standards.
- The Contractor must take reasonable steps to establish work rules that are designed to prevent violations of the Washington Industrial Safety and Health Act standards and adequately communicate those rules to its employees; for example, safety meetings, tailboard meetings, new-employee orientation, accident prevention program.
- The Contractor must have documentation that its safety program has been effective in practice; for example, written records, safety meetings (with names and subject matters), and records of corrected hazards.
- Prior to the commencement of work on an electric system, a safety orientation and information transfer briefing shall be performed incorporating the requirements of WAC 296-45-067 and WAC 296-45-075. At a minimum, this briefing shall be attended by the contract Foreman and/or Superintendent in charge of each contract crew performing work, and the designated District's Representative(s) responsible for oversight of the work.

The District holds these requirements to be binding with award of the bid.
